

## Requirement for Architectural Services

Architectural services are required for architectural conservation professional services for a glazing project on a registry listed property. The work required includes producing a conservation assessment and report to accompany a Section 5 planning application. The fully prepared application is to be presented to the Conservation Officer for consideration.

Firms responding to this announcement on or before closing date will be considered for selection using the following evaluation criteria in descending order of importance:

- Relevant, professional qualifications of the firm in the type of work required for conservation projects and Section 5 applications in the past three years. Must be performed by a Grade 1 architect.
- Specialized experience and technical competence in the type of work required;
- Demonstrated success on similar projects in terms of quality of work and success;
- Personnel capacity to accomplish the work in the required time.

The Embassy will select for negotiation the licensed firm that demonstrates the best qualifications. Replies to this advertisement with a completed Standard Form 330 (available upon request), must be received not later than noon local time on Wednesday, June 24, 2015, either by delivery to
